THE INDIA DIGITAL PERSONAL DATA PROTECTION ACT (DPDPA) IS HERE

ALL ORGANISATIONS NEED TO COMPLY WITH THE ACT

Arrka

THE CHALLENGE

All organizations, big or small, have to comply with and implement the DPDPA.

You have to get all your employees, partners and stakeholders to understand what the law is all about and how it impacts your organization.
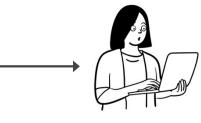

You need to implement a robust Privacy Program. For that, You have to build a Core Privacy Team and develop Privacy Champions within Business Teams.

However, the domain is complex requiring an understanding of Law, Technology, Data, Processes as well as Business, which is a challenge indeed.

Arrka

DPDPA Foundational Program

THE SOLUTION – DPDPA Foundational Program

An Online Self-Learning Specialized training module on the DPDPA for Key Stakeholders & their team members/ designated Privacy

Champions/ anyone else who wants a deeper understanding of basic privacy concepts and the DPDPA

Easy-to-Understand

Simplifies the complexities and covers the CRUX of what the DPDPA is all about in easy to understand, non legal terms.

In- depth Coverage

A 4-hour training that dives into details of each aspect of the DPDPA and highlights the nuances with rich examples.

Assessment Built-In

The assessment helps the organisation guage how much the employee has understood the key tenets of the DPDPA.

Arrka

DPDPA Foundational Program Overview

Parameter	Details
Name	DPDPA Foundational Program
Program Overview	The DPDPA Deep Dive Module is designed to enable individuals to understand the DPDPA at a fundamental level. The module adopts a 'building blocks' approach: It first introduces the audience to basic concepts of Data Privacy and ensures they are firmly understood via rich examples. It then layers the law (DPDPA) on these basics so that the audience understands the law with all its nuances and specifics. A tried and tested approach over the last decade by Arrka's trainers, this unique approach has helped lay the building blocks of Data Privacy in 100s of individuals – now available in a self-learning format.
Type	Self Paced Training (E-Module)
Program Content	1. **Data Privacy Fundamentals:** Personal Data and Data Privacy. 2. **Privacy Principles:** Legal grounds for data processing and key Privacy Principles like notice, collection limitation, and security safeguards. 3. **Individual Rights:** Overview of rights, including access, rectification, erasure, grievance redressal, and nomination. 4. **Privacy Related Terms:** Clarifying essential roles in the Privacy Ecosystem as well as key concepts around Personal Data Processing and Children's Data. 5. **Organizational Obligations:** Outlining key responsibilities, such as incident notification, third-party risk management, and international data transfers. 6. **Importance of complying to Data Privacy Laws and India DPDPA Applicability:** Need for complying to Data Privacy Laws. Emphasizing the background, Applicability and of the India DPDPA. 7. **Organizational Data Privacy:** Exploring User Types and acquisition channels that are typical in Organizations 8. **Operationalizing Privacy:** Covering program implementation basics, distinctions between data privacy and information security, and employee responsibilities.
Duration	Approximately 4 hours
Target Audience	• Any Individual who wants to understand basic privacy concepts and the key tenets of the DPDPA built on these concepts . • Any Company that wants to ensure all its Key Stakeholders and their team members, designated Privacy Champions or anyone else have a clear conceptual clarity on basic privacy concepts and the key tenets of the DPDPA built on these concepts.
